

Our Lady Queen of Angels Church

Our Lady Queen of Angels Catholic School A ministry of Our Lady Queen of Angels Catholic Church

Our Lady Queen of Angels Catholic School exists to form well educated and responsible faith filled Catholics. Our school cannot be successful in this effort without the support of each child's parents in the faith formation of their children.

This means we expect parents who are Catholic to practice their faith and do all in their power to share their faith with their children by baptizing them and bringing them up in the practice of their faith.

This means we expect Catholic parents to make every effort to participate in Sunday Mass each week. Furthermore, we expect Catholic parents to bring their children with them to Sunday Mass each week.

We expect Catholic parents to model at home the faith their children are taught in our school. Children learn more from example than from words.

We expect parents to do everything they can to promote and foster in their children school behavior in the classroom and on the playground that is not only in keeping with the rules of discipline of the school, but which demonstrates Christian honesty, kindness, and charity.

We expect Catholic parents to do some form of continuing education in their faith by participating in workshops, retreats, guest speakers, or courses available in the parish or beyond our parish.

Parents who are not Catholic are encouraged to practice their faith with their children and endeavor to assist their child to adopt the moral and ethical behavior of their own faith tradition.
